This document makes an attempt to unveil the overall human rights condition in Bangladesh from 2007 to 2015. Its a compilation of data, reports and information collected from the print, electronic and other media including social media and from survey conducted among the surviving relatives of the victims all over the country. During the survey victims' photographs and other relevant information have been collected as far as practicable.

Today humanity is a far cry in Bangladesh. Now it is merely impossible to collect details and adequate information as the close kins and family members of the victims themselves are in a state of panic and suffocation. They are so concerned of their own life that they do not feel safe to share their shocking stories. Due to the overt and covert hindrance and intimidation of government machineries, fear of life among the living relatives of victim and prevailing reign of terror by the ruling party extremist, all the affected families could not be accessed and consequently total heinous activities of the law enforcing agencies and ruling party thugs could not be unearthed. The document is therefore far from complete. Only a partial list of killings, enforced disappearance, fatal injuries and politically motivated false cases filed against opposition political party members have been gathered and compiled. Although incomplete this document gives a pen picture of the killing, inhuman atrocities and extreme human rights violation during the Awami League regime under report. The document will give you a fair idea about how present ruling party is fast heading towards "ONE PARTY RULE" for the second time.

In this period ruling Awami League and its allies have killed Total 3000 opposition party members and seriously injured more than 5,000. During this period 1200 opposition activists were abducted by Police and RAB and no trace till date. The family members of the victims are passing their days in untold agony, everyday hoping for their abducted kins to return but no result. The Human Rights Organizations in home and abroad cried in vain, only to be greeted by the fascist Awami League Government with imprisonment, harassment and pecuniary fines. The Human Rights Activists themselves are in a state of panic. According to 'Anjuman E Mofizul Isalm' a total of 6478 unidentified dead bodies were buried during this period (Source: Manabzamin date: 03-10-2015).

Besides, around 24,000 politically motivated false Cases were filed against Bangladesh Nationalist Party (BNP) leaders and activists in which total accused shown are 7, 00000 (0.7 million), of them about 20,000 are in the jail at present (This number varies time to time; Maximum was 71,606 at one moment).

This document could compile **total of 2066 cases - 543 cases of killings, 67 case of enforced Disappearances and 1456 cases of seriously injuries**(from January 2007 to July 2015)

Information regarding **21,680** politically motivated false cases has so far been gathered where **4, 03,878** BNP leaders and activists are shown accused and **17,885** jailed. False cases were lodged against almost all the senior leaders of BNP; even BNP Chairperson Begum Khaleda Zia was not spared.

The document will illustrate how the ruling Awami League Government gradually intensified state-sponsored brutality on the opposition party members which reached its pick during the farcical election of 05 January 2014 and same killing spree continues unabated till date. Historically, Awami League had the tendency to take recourse to "ONE PARTY RULE"; if the environment is right for them. They never had any sympathy for Democracy or people's right. Today in Bangladesh a nexus has developed between the police, the ruling party operatives, political muscles and sections of judiciary. The nexus aims at eliminating the opposition element from every sphere of national life thus implementing ruling party leader's declaration to annihilate primarily Bangladesh Nationalist party-BNP and then the other opposition parties from Bangladesh. Following are the few statements of Awami League Leaders and Awami supported high officials which reveals their true intention.

State Minister for Home Affairs, Asaduzzaman Khan. Asaduzzaman Khan on February 08 said,

'Whenever it is necessary to contain protestors, the police go into action to nab them and "gunfights" between law enforcers and "terrorists" occur.., You all know what usually happens in a "gunfight". (<http://newagebd.net/93602/gunfight-not-unusual-asaduzzaman>)

Mayeen Uddin Khan Badal, executive president of Jatiya Samajtantrik Dal, a component of the ruling Awami League-led 14-party alliance, suggested the police to shoot BNP activists for maintaining law and order. He said,

'Police should shoot in their (opposition men) chests, if required.' (www.thedailystar.net/badal-suggests-cops-shoot-BNP-men-59753)

After getting the green signal from party high command, Border Guard Bangladesh (BGB) decided to use lethal force, if necessary, on so called 'miscreants' as the country-wide.

Social Welfare Minister Syed Mohsin Ali in Dhaka on Jan 20 said,

'Arsonists and saboteurs will be shot on sight; We are going to decide on giving orders to shoot [arsonists] on sight as in wartime.'

Dhaka range, Deputy Inspector General SM Mahfujul Haque Nuruzzaman said, **'Shoot them (opposition men) and their family members should also be annihilated.'** In addition, the illegal Prime Minister Sheikh Hasina said,

'Khaleda Zia will be tried in the same way a killer is tried.' (BDNews24.com/Bangladesh/2015/01/20/khaleda-will-be-tried-as-a-murderer-pm-tells-parliament)

Prelude

The independence of Bangladesh from West Pakistan was the outburst of the desire for democracy and equality among the general population. By nature people of this land are democratic. This aspiration was shared by the mass population of the land. During the Pakistan period, people of East Pakistan had realized that within the framework of Pakistan, democracy will never be able to take its root here. Consequently, Liberation war began in March 1971 and after nine months of all out war by the mass population, Bangladesh became an independent country in December 1971. Unfortunately, the Bengalee's aspiration for democracy in Bangladesh was not fulfilled. Sheikh Mujibur Rahman, who remained in prison during the whole nine months of Liberation War, returned to independent Bangladesh on 10 January 1972 and became the Prime Minister. Sheikh Mujibur Rahman and Awami League failed to administer and rebuild the country. Salient events of this period were; Firstly, a severe famine in 1974 due to all out corruption that claimed around 600,000 (0.6 million) lives. Secondly, creation of an Awami Loyal Para-military force (Rakkhi Bahini) that killed around 40000 (Forty Thousand) opposition political men and thirdly, changing the constitution for a 'one party rule' named as "BAKSHAL". Press freedom was abolished. His role model was the USSR (Union of Soviet Socialist Republics). The people resisted and challenged the dictatorship of Sheikh Mujibur Rahman. Eventually, an army coup followed on 15 August 1975. Sheikh Mujibur Rahman was killed. His Commerce Minister, and an Awami Leaguer, Khandakar Moshtaque Ahmed, was made Chief Martial Law Administrator and head of government.

After successive coups, counter-coups and finally a revolution by the mass population, people choose "Ziaur Rahman" the then Deputy Chief of Army Staff, to lead a new government which would be free from corruption and nepotism, bring back freedom of press and lead the country towards a multi-party democracy.

President Ziaur Rahman, the founder of "Bangladesh Nationalist Party- BNP", who made the declaration of Independence during our liberation war and later introduced the concept of "Bangladeshi Nationalism" among the Bangladeshi people, was a valiant fighter in the Liberation War in 1971. It was he, who had first appealed to the people of Bangladesh to revolt ("We Revolt", he declared in Chittagong) on the early hours of 26 March 1971 at almost exactly the same hour when Sheikh Mujibur Rahman (Leader of Awami League) was surrendering to Pakistani captors in Dhaka. Later that day, Ziaur Rahman declared independence of Bangladesh from a radio station at Kalurghat, Chittagong. In 1977, when people uprising against the then tyrant Awami government came to a culminating point, mass people choose "Ziaur Rahman" as their leader and rescuer. "Ziaur Rahman", the Icon of honesty and patriotism, began to fulfill almost all the aspiration of the people. Press freedom was given. Corruption and nepotism sharply declined. Multi-party democracy was restored. State control over industry, trade and finance was loosened. Denationalization of several industries took place. Private entrepreneurship was encouraged, particularly in banking and insurance sectors. Garments industry began to flourish whilst manpower export rose at a high scale. Bangladesh was transformed and was termed by the world media as "Emerging Tiger" under his visionary leadership. On the contrary, Awami League had the legacy of transforming Bangladesh into a

“Bottomless Basket”. The development, good governance, democracy, rule of law and independent judiciary are the contribution of late President Ziaur Rahman and Begum Khaleda Zia. Women empowerment, economic growth, Industrialization, foreign employment, introduction and prosperity of garments sector, foreign investment, development of education system and agriculture was explored during the regime of President Ziaur Rahman and Begum Khaleda Zia. On the other hand, during the regimes of Awami League and its allies general Ersad, Moinuddin-Fokruddin government, the country had experienced bad governance, dictatorship, fascism and annihilation of democratic spirit. If ruling party Awami League would not have adopted the policy of destruction and division from the beginning, Bangladesh would have become a developed country by now. Comparatively ruling Awami League and its alliance ruled the country more time than others and it is considered as the period of worst governance. The background of present growth of the country was rooted during the period of BNP's period.

In May 1981 President Ziaur Rahman arranged for the repatriation of Sheikh Hasina to Bangladesh from New Delhi, India, where she had taken refuge after the assassination of her father Sheikh Mujibur Rahman in 1975. Sadly, President Ziaur Rahman's vision came to an abrupt end in the same month, May 1981, when he was assassinated in Chittagong, in a revolt by a section of the army.

In February 1982 another army coup took place and Lt General H M Ershad became first, Chief Martial Law Administrator and then the country's self declared president. General Ershad found Sheikh Hasina and Awami League as close allies and ruled for nearly nine years. But, again, aspirant democrats in Bangladesh rose against a crypto-army rule. In the face of a mass movement led by Begum Khaleda Zia (wife of late President Ziaur Rahman) who had become the Chairperson of BNP, General Ershad was forced to hand over the power in December 1990 to a neutral non-partisan caretaker government under the then Chief Justice of Bangladesh. A general election was held in February 1991, which was won by Bangladesh Nationalist Party (BNP) under the leadership of Begum Khaleda Zia and she became the first woman Prime Minister of Bangladesh. On completion of her term, Begum Khaleda Zia handed over the power to a Caretaker Government in early 1996. A general Election was held in June 1996 and this time Awami League returned to power. The next general election was held on 01 October 2001 under caretaker government where BNP won with a landslide majority under the leadership of Begum Khaleda Zia. In October 2006, Prime Minister Khaleda Zia resigned, dissolved the parliament and handed over the power to a Caretaker Government as per the constitution. But Awami League began violent agitation against the Caretaker Government. On 11 January 2007 with the direct support from Awami League, an army coup took place, democracy was killed and army installed a new Caretaker Government, which is widely known as “One Eleven (1/11) Government”.

In the 2008 Parliamentary Election, Sheikh Hasina led the Awami League to victory by conspiring with military backed Caretaker Government. The election was marked with voting irregularities by the government machineries in favour of Awami League. Military backed Caretaker Government had very strong clandestine ties with Awami League because army staged a coup against Bangladesh Nationalist Party-BNP nominated elected president. Furthermore, after the coup Sheikh Hasina claimed that it was the fruition of Awami League's movement against BNP. She attended the ‘Oath Taking’ ceremony of the army nominated advisers of the Caretaker Government, while Khaleda Zia,

BNP leaders and other leaders of majority political parties and civil society did not attend the ceremony. Later on, when military backed Caretaker Government allowed Sheikh Hasina to fly to the US, she said at Dhaka Airport, "When I come back to power, I shall retrospectively validate all actions taken by the army." So this was not a surprise that, in that general election arranged by One Eleven Government, Awami League won 230 seats (with alliance 263 seats) which gave them more than 2/3rd majority in the parliament through a farcical and designed election. Since then, the Human Rights situation and other social values started degrading in Bangladesh sharply.

After assuming the office of Prime Minister, Sheikh Hasina with her legislators immediately went on to amend the constitution. As a result, the 13th amendment was nullified by the newly passed 15th amendment which scrapped the "Caretaker Government System" on 30 June 2011.

Meanwhile, Awami League deliberately politicised and polarized all the democratic organisations and Institutions of the country including Law Enforcing Agencies with their illmotive to take the country to "One Party Rule". Killing the opposition party members in the name of "cross fire", "gunfight", "encounter" and custodial deaths due to immense torture by Law Enforcing Agencies have become a new culture of Awami League regime, leaving the number of unnatural death and government patronized killing at record high. Widespread human rights abuses by the Law Enforcing Agencies have established a reign of terror among the general people. In addition to that, enforced disappearance has spread panic all around the country. A formidable number of labour rights activists, businessmen, human rights activists, politicians and general people went missing during this time. Government also cracked down on the media and the journalists. A good many number of journalists were killed, assaulted or threatened for publishing news that went against the ruling party. Numbers of television channels were shutdown and some newspapers were forced to cancel their operation. Human Rights defenders are facing their hardest times ever under the Awami League regime. Many of them were sued by the government with false cases and were sent to jail. Many Human Rights defenders were picked up by the law enforcers and were harassed.

Farcical General Election of 05 January 2014 and Aftermath

On 05 January 2014, Awami League stage managed a farcical general election which was boycotted by all major political parties and was declared elected. It “won” 153 seats, where not a single vote was cast and in the remaining 147 seats, votes cast were less than 05%. Awami League leaders began to claim that they had won a genuine election and launched a massive media campaign (they control most of the media) to assure the voters that they would devote themselves to development works. Billboards and posters were displayed all over the places stating that development should come first and democracy later. But truth is, Bangladesh is experiencing its worst ever human rights and political crisis since the 05 January 2014 farcical general election and Awami League is taking Bangladesh towards “One Party Rule” for the second time.

The January 05, 2014 election was termed as farcical by the British weekly “The Economist”. An international organization based in US-Australia, “Electoral Integrity Project (EIP)” termed the election in Bangladesh as a “failed” one. The election has been ranked 113th in a list of 127 elections held worldwide between 01 July 2012 and 31 December 2014, according to The Electoral Integrity Project’s (EIP) annual report released in February 2015. Under a sub-head, “Several failed elections raised major red flags”, the EIP report named Bangladesh alongside five insurgency-torn countries such as Egypt, Mozambique, Afghanistan, Bahrain, and Syria - that had the worst elections in 2014.

The largest opposition camp led by Bangladesh Nationalist Party (BNP) made repeated calls to hold a dialogue for an inclusive and participatory poll but Awami League lambasted every single call. Instead, Awami League set up a plan to exterminate the political oppositions from Bangladesh. With this objective, the government intensified its killing spree all over the country. According to Ain O Salish Kendra (ASK), a Bangladeshi human rights organisation, in 2014, at least 128 people were killed in “crossfire” and 88 disappeared across the countries, who were mostly opposition party members¹. The human rights situation in Bangladesh was very alarming in 2014, adding that the incidents of “crossfire” had sharply increased in the year. The incidents of crossfire rose to 80% comparing to 2013.

In such a lawless state, BNP and its allies decided to conduct a movement for a fresh election under a caretaker government, thus reinstalling a multi-party democratic system and restoring human rights in the country. On 31 December 2014, at a press conference, the Chairperson of BNP and the main Leader of 20 party alliance, Khaleda Zia tabled a 7-points proposal, demanding a fresh poll in order to reinstate the democracy which was deliberately destroyed by the Awami League². Awami League leaders rejected the proposal instantly. Mahbub-ul-Alam Hanif, Joint General Secretary of the party, said that the ruling party do not accept the 7-points proposal by Bangladesh Nationalist Party (BNP)³. Three days after placing her 7-Points proposal, Khaleda Zia was forced by government security agencies to be confined in her Gulshan office which had only approximately 5,000 sft space⁴. Nearly 50 other persons

including some senior leaders and her staff were confined for 92 days. During this period they were denied food and water supplies. Electricity, land phone, mobile phone and internet connections were cut off. Nobody was allowed to get in or get out of this office. Begum Khaleda Zia after being confined in her office declared a nationwide peaceful non-stop blockade from 06 January 2015.

In response to the peaceful democratic movement, autocratic illegal Awami League government unjustly imprisoned many senior BNP leaders including, Mirza Fakhrul Islam Alamgir, Secretary General of BNP, Ruhul Kabir Rizvi, Joint Secretary General of BNP, Shamsheer Mobin Chowdhury, former ambassador of Bangladesh to USA and the Vice Chairman of BNP who is also a Member of Foreign Affairs Committees of BNP etc. All these senior politicians were remanded for extensive period of time; remand is being used as a tool of torture. Three other senior members of BNP Foreign Affairs Committee were targeted by thugs: 05 cocktail bombs were thrown at the residence of Shafiq Rehman, a car used by Sabih Uddin Ahmed was burnt and Reaz Rahman was shot at leg. Spokesman and a Joint Secretary of BNP, Salahuddin Ahmed was abducted (released in India on May 2015). In this period a new spate of human rights abuse took place. Many opposition leaders and workers were victims of torture, mutilation of limbs, extra judicial killings and disappearance.

Since the declaration of nationwide peaceful non-stop blockade by BNP on 06 January 2015, illegal Awami League government ministers, law enforcement agency chiefs and some law makers ordered the law enforcers to shoot the protesters at sight terming them as "terrorist/miscreants". On 08 February, State Minister for Home Affairs, Asaduzzaman Khan said, "Whenever it is necessary to contain terrorists (protesters), the police go into action to nab them and "gunfights" between law enforcers and "terrorists" occur... You all know what usually happens in a "gunfight"⁵. Moreover, Mayeen Uddin Khan Badal, MP and executive president of Jatiya Samajtantrik Dal, a component of the ruling Awami League-led 14-party alliance said, "Police should shoot on their (opposition men) chests, if required"⁶. After getting green signal from the government, Director General of Border Guard Bangladesh (BGB) decides to use lethal force, on so called "miscreants"⁷. Deputy Inspector General (Dhaka Range) SM Mahfujul Haque Nuruzzaman said to the Law Enforcers, "Shoot them (opposition men) and their family members should also be annihilated"⁸.

In addition, Prime Minister Sheikh Hasina said, "Khaleda Zia will be tried in the same way a killer is tried"⁹.

Meanwhile, the outrageous approach to destroy all the dissent in the country forced a fresh decline in the human rights situation of the country. As the government believes that, the death of Begum Khaleda Zia will dismantle BNP that has most of its leaders either behind the bar or underground, they made Begum Zia to starve for weeks and started framing false cases against the top brass of BNP including its chief and other opposition parties with several charges of arson attack though all such attacks were linked with local Awami League leaders. These moves were made to demolish the opposition parties of Bangladesh, primarily BNP.

Awami League is on Killing Frenzy

Awami League had its legacy of first “One Party Rule” after the independence of Bangladesh under its leader Sheikh Mujibur Rahman. When our Liberation War started on March 1971, Sheikh Mujibur Rahman, the leader of Awami League surrendered to Pakistani army and remained in prison at West Pakistan. He returned to independent Bangladesh on 10 January 1972 and became the Prime Minister. Sheikh Mujibur Rahman and Awami League failed miserably to administer the country efficiently. Corruption and looting became rampant; nepotism and anarchy became norm of the time. As a result, a severe famine broke out in 1974

which claimed 0.6 million lives. Voices of dissent irrupted all over the country. Awami League ruthlessly suppressed them by changing the constitution and by creating an Awami League

loyal Para-military force named “Rakkhi Bahini” which killed 40,000 (Forty Thousand) opposition political activists at that time. He then disbanded Awami League and introduced

“One Party-BAKSHAL” rule. Press freedom was vanished. Only four government news papers were allowed to be published. Democracy was killed and seeds of a “Totalitarian State” were sown. Culture of systematic annihilation of

opposition political parties was infused in the vein of Awami League.

Sheikh Hasina followed her fathers’ footprints. Since 2007 to July 2015, huge numbers of general citizens and political activists were killed, among them more than 3000 (Three Thousand) are BNP and other opposition political party leaders and activists. According to the statistics of Bangladesh

From 1972 to 1975

Deaths by famine = 0.6 million.

Killed by “Rakkhi Bahini” = 40,000 (Forty Thousand).

Brief Statistics from 2007 to July 2015

The total number of Killing = 33,156.

Total Killing of Opposition Party Members = 3000.

Killed by Law Enforcing Agencies = 1512.

Enforced Disappearance by Police and RAB = 1200.

Seriously Injured by Police and RAB = More than 5,000.

Burial of Unidentified dead bodies = 6478

[by ‘Anjuman E Mofizul Isalm’]

Number of False Cases against Opposition Activists = 24,000.

Number of Falsely Accused Opposition Activists = 700,000 (0.7 Million).

Number of Opposition Activists in jail = 20,000. (This number varies; Maximum was 71,606 at one moment).

Unidentified dead bodies recovered in last five years = 6,500.

Police web site within this period total 33,156 (Thirty Three Thousand One Hundred Fifty Six) People were killed around the country¹⁶ . Among them 1512 (One Thousand Five Hundred Twelve) Killings were committed by law enforcing agencies. Rest of the killings were perpetrated, patronized or influenced by ruling party. Police and other law enforcing agencies are now deliberately firing shots on the limbs of opposition activists after arrest with the aim to cripple them for life. As on today, more than 5000 (Five Thousand) opposition activists were shot and were seriously injured by law enforcers. Today these incidents have become a regular practice among the police with the provocation from the ruling party leaders. Enforced disappearance by the law enforcing agencies has crossed 1200 (Twelve Hundred). A total of 24000 (Twenty Four Thousand) politically motivated false cases were filed against opposition leaders and activists and the number of accused is 700000 (0.7 Million). More than 20000 opposition leaders and activists are in jail now (This number varies time to time; Maximum was 71,606 at one moment).

In the given situation, it's merely impossible to collect detail and adequate information as the close relatives and family members of the victims are concerned of their own lives. Humanity is now a far cry. All the suppressed citizens are eagerly waiting for good days when they will be free to share their pain, grievances and sufferings with the nation. However, with all these constrain, all out efforts have been taken to reach out the maximum possible victim's and their details, yet the list is far from complete. Only "**an independent Investigation**" by The United Nations can reveal the actual state of killings, enforced disappearance, fatal injuries inflicted to the opposition political party leaders and activists and their sufferings done by the ruling party and its allies. The fact of killing, enforced disappearance and other atrocities are so horrible that they amount to crimes against humanity and call for immediate action under relevant covenants of the United Nations. We agree upon "**The United Nations**" to rise to the occasion for the sake of humanity.

**Statistics of Political Killing, Enforced Disappearance,
Fatal Injury and other oppressions:
Since January 2007 to July 2015**

Ser no	Details	Total no
1	The total number of Killing	33,156
2	Total Killing of Opposition Party Members	3000
3	Killed by Law Enforcing Agencies	1512
4	Enforced Disappearance by Police and RAB	1200
5	Seriously Injured by Police and RAB	More than 5,000
6	Number of False Cases against Opposition Activists	24,000
7	Number of Falsely Accused Opposition Activists	700,000 (0.7 Million)
8	Number of Opposition Activists in jail	20,000 (This number varies; Maximum was 71,606 at one moment)
9	Unidentified dead bodies buried in last five years by 'Anjuman E Mofizul Isalm' (Source: Manabzamin date: 03-10-2015).	6,478

Note: Some of the examples with the Victims particulars are given herewith.
